# THE KING! CORONATION

May 6

*At Brigg Court  
Chantry Gardens*

**A great royal time was had by all at the Coronation at Brigg Court, Chantry Gardens Community Lounge.**

After many months of planning, decades of preparing, and the studying of centuries of tradition, King Charles III's coronation finally took place within the historic halls of Westminster Abbey.

As the first coronation to take place in Britain for seven decades, King Charles and Queen Consort Camilla ushered in a new chapter in the monarchy's history in front of the world. Much planning was also done by residents of Brigg Court Chantry Gardens, Margaret Cliffe organised the food, Andy, and Pam and many more, put up bunting, flags, and decked out the community lounge beautifully "fit for a king".

And all the volunteers who tidied up etc many thanks to them too.

Carrying on Jack's tradition from Bungalow 11, Tine, his daughter, raised the flag of King Charles to celebrate the Coronation.

## The month of "May" Boys night out

Mike, Phil, Paul, Lawrence, Brian, Bill, John C, John P

The Gent's decided to become a bit more adventurous and travelled to the Horseshoe Inn Hunmanby for a mixture of traditional and Asian cuisine. I can recommend the Curry! Which is Thursday night, booking is essential as it's very popular. "Nice one lads!" Next month we'll be trying something different again so any suggestions would be gratefully received.

My Thanks to Phil (again) who gallantly stood in at the last minute with the booking orders as Margaret and I had to shoot off to Sheffield because my Son's partner gave birth two weeks early! They needed us to look after their older son and supervise as they had the builders in too!

### **SUPPORT NEEDED TO SAVE 'LITTLE BUS'**

Attempts are being made to keep Filey's Little Bus on the road after the recent retirement of Colin Galway, who ran the community transport scheme for 17 years.

The plan is for a local group to be set up to take on the running of the community bus service for the town. Coun Sam Cross is one of those involved in trying to keep the service going and he hopes local people will come forward to help.

A survey has been launched to get local people's views on the service. The results will identify key areas of service for the Little Bus and support for service moving forward. The survey, backed by the Town Council, stresses: "Without community support, the provision of a service within the town unfortunately will not be possible." A community consultation event is also being planned.

You can fill in the survey at <https://online1.snapsurveys.com/interview/8fc2b03b-07e1-4635-b5b0-160c345f4c55>

Paper copies can be found at: Filey Town Council; Filey Library; Post Office; Filey Opticians, West Avenue; Over 60's Club, Providence Place; Thairapy, Mitford Street; Salvation Army Charity Shop, Mitford Street; Age UK Charity Shop, Belle Vue Street; Hair at Anna's, Union Street; Choice News, Union Street; Antique Shop Cafe, Murray Street, Hairflair, Union Street.

Completed surveys should be dropped off into the boxes at Filey Library, Filey Town Council or the Post Office by **June 9th**, or returned via envelope which you can collect with the surveys.

### **Filey Steampunk Weekend 20 & 21<sup>st</sup> May & Regatta Weekend at the Sailing Club**

Another busy weekend in Filey. Lovely weather.

The steampunk aesthetic is inspired by the fashions of Victorian Era in England (1837-1901), but also by the Belle Epoque in France (1871-1914) and the Civil War era in the United States (1861-1865). The clothing from these eras is often modernized by the addition of mechanical elements with gears showing.

Futuristic, yet retro at the same time, Steampunk is truly one-of-a-kind. The genre blends the aesthetic and technology of the 19th century with elements of science fiction. Its literary and audiovisual works take place in an alternate reality where technological progress is based not on electricity, but on the steam engine.

### ***Steampunk, a World of Steam***

Steam is a central element of steampunk. The technology featured in this universe is generally just as advanced as that of our modern world, but it uses steam as its energy source instead of electricity, gas or oil. As a result, steampunk technology takes on a retro look reminiscent of the Industrial Revolution era.
